**READING SECTION**

**Q1. A. Read the passage carefully and answer the questions that follow:**

During the winter holidays, Rahul visited his grandparents who lived in a quiet town near the mountains. The mornings there were cold and misty, and the evenings were calm and peaceful. Rahul enjoyed waking up early to watch the sunrise and breathe the fresh mountain air.

Every day, he helped his grandfather clean the garden, collect dry leaves, and water the plants. His grandmother taught him how to prepare simple meals and told him stories from her childhood. Rahul listened carefully and realised how different life was when his grandparents were young.

In the afternoons, Rahul spent time reading books, writing in his journal, and observing birds from the balcony. Sometimes, he joined the local children to play outdoor games. Before returning home, Rahul thanked his grandparents and promised to visit them more often. The visit helped him understand the importance of family, hard work, and a simple lifestyle.

**Questions**

A. Answer the following:

- a) Where did Rahul spend his winter holidays?
- b) Describe the mornings and evenings in the town.
- c) Mention any two ways Rahul helped his grandparents.
- d) What activities did Rahul do in the afternoon?
- e) What did Rahul realise after listening to his grandmother's stories?
- f) What values did Rahul learn from this visit?

**B. Read the passage carefully and answer the questions that follow:**

Time management plays an important role in a student's life. Students who plan their day carefully are able to complete their work without feeling stressed. Good time management helps children balance studies, play, and rest.

Riya understood the value of time from an early age. She prepared a daily schedule and followed it sincerely. She completed her homework on time and revised her lessons regularly. Instead of wasting time on unnecessary activities, she used her free time to read books and practise drawing.

At school, Riya remained attentive in class and participated actively in discussions. Her teachers appreciated her discipline and responsibility. Because of her good habits, Riya performed well in her exams and also found enough time to enjoy her hobbies.

**Questions**

A. Answer the following:

- a) Why is time management important for students?

- b) How did Riya make good use of her free time?
- c) What kind of student was Riya in school?
- d) How did Riya's habits affect her academic performance?

### Science

**Ques1** Read the passage carefully and answer the following .

Soil is the top layer of the Earth where plants grow. It is made up of tiny rock particles, air, water, and humus. Soil helps plants by holding their roots firmly and supplying water and nutrients. Different types of soil such as sandy soil, clayey soil, and loamy soil are found in different places. Farmers prefer loamy soil because it is fertile and good for growing crops. Soil also provides shelter to many animals like earthworms and insects. We should protect soil from pollution and erosion by planting more trees and avoiding waste dumping.

1. What is soil?
2. Which layer of the Earth is called soil?
3. What is soil made up of?
4. How does soil help plants grow?
5. Name three types of soil.
6. Which type of soil is best for growing crops?
