READING SECTION

Q1. Read the passage carefully and answer the questions that follow:

It was a cold winter morning. Rohan woke up early and looked outside his window. Everything was covered with fog. The trees, the road, and the houses looked calm and quiet. Rohan wrapped himself in a warm shawl and went for a walk with his grandfather. They saw people jogging, children waiting for their school bus, and shopkeepers opening their shops.

On their way back, Rohan noticed a poor man sitting near the roadside. He was shivering with cold. Rohan felt sad and requested his grandfather to help him. His grandfather smiled and gave the man a blanket. The man thanked them with tears in his eyes. Rohan felt very happy and learned that kindness makes us warm from inside.

Answer the following questions:

1. Why did Rohan wake up early?
2. What did Rohan see during his walk?
3. Who was sitting near the roadside?
4. How did Rohan help the poor man?
5. What lesson did Rohan learn?

2. Read the passage carefully and answer the questions that follow:

Ravi loved rainy days. One afternoon, dark clouds filled the sky, and soon heavy rain began to fall. Ravi stood near the window, watching raindrops race each other down the glass. The trees looked fresh and green, and the smell of wet soil filled the air. Ravi made paper boats and floated them in the water flowing along the street. His mother called him inside for hot soup. Ravi felt happy and peaceful as he enjoyed the rainy evening with his family.

Answer the following questions:

1. What kind of days did Ravi love?

2. What did Ravi watch from the window?
3. What did Ravi make and float in the water?
4. What did his mother call him inside for?
5. Find a word from the passage that means calm.

Q.6 Case Study

Read the given paragraph and answer the following questions.

India has many major rivers that are very important for the country. Some of the major rivers are the Ganga, Yamuna, Brahmaputra, Godavari, Krishna, and Narmada.

The River Ganga starts from the Himalayan mountains and flows into the Bay of Bengal. It provides water for drinking, farming, and transport.

The River Yamuna flows through cities like Delhi and Agra and joins the Ganga at Prayagraj.

The Brahmaputra River flows through Assam and helps in farming and fishing.

Rivers like Godavari and Krishna flow in the southern part of India and help farmers grow crops.

Many cities and villages are located near rivers because rivers give water and fertile soil. However, rivers are getting polluted due to garbage, plastic, and factory waste. We should save rivers by not throwing waste into them and by using water carefully.
